"Announcing 2011 Rate Reduction!"

Recognizing the economic pinch being felt world wide, we are temporarily rolling back our accommodation rates to figures unseen since before 1999.

The new figures reflect unprecedented reductions of 25% to 35% with room rates as low as \$179 per night. These rates will apply to new reservations and stays beginning February 20 through mid-December 2011.

Rates subject to change at any time without notice.
